Purified Antibody Characterization

Clone	Isotype
Polyclonal	Hamster IgG

Description

The isotype of this antibody is Hamster IgG. This hamster IgG fraction was purified by affinity chromatography from Armenian hamster serum.

Product Information

Conjugation: Biotin

Formulation: PBS pH 7.2, 0.09% NaN₃, 0.2% BSA

Storage: Keep as concentrated solution. Store at 4°C and protected from prolonged exposure to light. **Do not freeze.**

Usage: Each lot of this antibody is quality control tested by immunofluorescent staining with flow cytometric analysis as negative control. Use at concentrations comparable to those of the specific antibody of interest.

Application: Recommended Application: FC
